💼 WORK EXPERIENCE

Domains: E-Commerce, Finance, Crypto, Logistics, Real Estate, Agriculture

GENIUSEE   01/2021 - 06/2023

Frontend engineer (React | React Native | Next)

- Improved UI/UX by collaborating with a designer, resulting in enhanced user experience.
- Executed feature development by engaging in brainstorming sessions with co-founders, fostering innovative functionalities.
- Developed complex animated multi step forms with Formik and Yup.
- Extended react-table with complex design styles and logic (pinned columns, sliding animation, different menus, sorting, filtering, pagination).
- Enhanced development processes by implementing thematic chats and Storybook, resolving task segmentation issues, what reduced development speed x2.
- Delivered successful React features for both web and mobile platforms using Dripsy and other multi-platform libraries.

Technologies: Typescript, React, React Native, Next js, Axios, Redux, Formik (Yup), Styled components, GraphQL, Vite, Jest, React testing library, Chart js, i18next, Dripsy, Nx, Render, Lottie, Docker.

ZGRAYA DIGITAL   05/2018 - 01/2021

Frontend developer (React | Next)

- Exceeded project deadlines through efficient communication and development pace, which extended the contract period with the customer.
- Contributed to application business logic development.
- Solely developed the frontend, validating individual proficiency and skill set.
- Took part in backend development by interacting with MongoDB and building PDF, resulting in a notable increase in development speed.
- Led frontend development and mentored a backend developer, facilitating his transition to a full-stack role.
- Optimized and increased load speed of Next.js application.
- Rectified design flaws promptly through effective communication, enhancing design quality and development speed.
- Constructed frontend architecture, contributing to the foundation of the CRM system.
- Showcased rapid adaptation and high productivity in project redesign after swiftly grasping project intricacies.

Technologies: Typescript, React, Gatsby, Next js, Formik (Yup), Axios, Google maps, Recharts, Redux saga, Redux thunk, Reselect, Styled components, Craco, Sentry, Loadable Components, Jest, React testing library, Ant design, Storybook, Strapi, Node js, Express, Docker, Render, Heroku, Lottie.

SMARTLINE   02/2017 - 05/2018

Frontend developer (Vanilla JS, Vue | React Native)

- Contributed effectively to a travel-related application by comprehending and working with pure Javascript.
- Transformed platform from HTML/CSS + JQuery in PHP to Vue.js with API integration, swiftly adapting to new technology.
- Enhanced interaction on promotional pages by implementing engaging animations.
- Demonstrated efficient coding speed by developing complex design pages effectively as an HTML coder.
- Boosted company productivity by taking the initiative to create a mobile application for couriers by means of React Native and Expo.

Technologies: HTML/CSS(SCSS), JS, JQuery, Lodash, Wordpress, React Native, Expo, Gulp, Firebase, Vue.js, Rollup, Javascript, PHP, i18next, Jest, Rx.js.

🏴󠁧󠁢󠁥󠁮󠁧󠁿 ENGLISH

B2 - Upper intermediate

🎯 TECHNICAL PROFICIENCIES

Programming Languages:
- Javascript, Typescript, HTML/CSS (Scss, Sass)

Frameworks:
- React, React Native, Next.js, Vue, Gatsby

State Management:
- Redux (Reselect, Saga, Thunk, Redux Toolkit), MobX (MST)

Styling:
- Styled Components, Tailwind, CSS Modules, Ant Design, Material UI

Libraries:
- RxJS, Recharts, Chart.js, Axios, Formik, Yup, Lodash, JQuery, Lottie, React ecosystem libraries (Dom, Router).

Build Tools:
- Webpack, Gulp, Rollup, Vite

Web APIs & Protocols:
- GraphQL (Apollo), RESTful APIs, Websocket

Testing:
- Jest, React Testing Library

CMS:
- WordPress, Strapi

Tools, Platforms, Services:
- Storybook, Dripsy, Expo, Docker, Nx, CI/CD, GIt, Firebase, Render, Heroku

Design and Prototyping:
- Figma

💽 COURSES

Basics of programming - GEEKBRAINS   2017

NINJA frontend & javascript - ELITA DIGITAL   2017

Basics of SQL - STEPIC   2017

Fundamentals of Software Testing and Web UI - PROMETHEUS   2017

📚 EDUCATION

PSACEA   2012 - 2017

Master's Degree. Computer science
